## Alumni Day at Moffett

*August 7, 1999*

The 129th Rescue Wing hosted an Alumni Day for members of the 129<sup>th</sup> Alumni & Heritage Association on Saturday, August 7. Approximately 50 members and guests enjoyed a continental breakfast provided by the Officers' Club. Col Steven Speer presented a slide show highlighting the Wing's history at Moffett FAF, and outlining the recent and current missions of the Wing. It was brought to the attention of the group that the 129<sup>th</sup> is the primary remaining military organization in the Bay Area. The Wing has become more actively involved in the local political arena in order to promote support for the various missions, and to maintain and expand services available at Moffett for both active and retired military families.

Following the slide presentation, Col Speer took the group on a bus tour of the base. The highlight of the tour was the location of the new hangar and park area. Groundbreaking for the hanger is planned for June 2000 – and you are all invited! More information will be forthcoming as the day comes nearer. The tour ended at the park across from the new hangar – with a BBQ lunch provided by Randy's BBQ of Modesto.

## Who Are the Members of This Gang?

Can you identify these members of the 129<sup>th</sup> AHA enjoying the lunch at the Alumni Day Picnic?

## Alumni Day Golf Tourney

Alumni Day in actuality included Sunday, August 8. A golf tournament was organized by Tommy Brooks, a retired member and marshal at the Moffett Golf Course. Twenty-five players, including retired and active members and guests, joined the competition. Format was a four man scramble, best ball. Eighteen holes later, Col Speer, Col Warren Hall, and Tommy Brooks came in with the lowest score. LTC Jimmy Rommelfanger and Ray Estrella had the longest drives. Bill Horkey and Dan Guerrero had closest to the pin. Hamburgers with all the fixings completed a beautiful day on the golf course.

## Trivia Question

Just how thoroughly do you read the *Air Force Times*? Specifically, how much attention did you pay to the August 2, 1999, issue?

Check out the Air Force Snapshot on page 4. The 129<sup>th</sup> Rescue Wing is the Unit of the Week. The article presents a very nice review of current and future operations (including the new planes coming on board in September), as well as a history many of you are very familiar with (all the way back to the beginnings at Hayward).
